

The Ultimate Protective Solution

SWARAJ POLYCOATS

Mfg. of Industrial Paints & Coatings

EPOXY PRIMERS, PAINTS & COATINGS

- 1) **SP PRIME 11** : Two pack Epoxy Zinc Phosphate / Zinc chromate Red Oxide primer, recommended for ferrous metals.
- 2) **SP PRIME 22** : Two pack Epoxy Zinc chromate Yellow primer, recommended for application on ferrous as well as non-ferrous metals like Aluminum, Stainless steel, G.I. substrates after proper surface preparation.
- 3) **SP PRIME 33** : Two pack Epoxy Zinc phosphate grey primer, for ferrous metals.
- 4) **SP PRIME 34** : Two pack Epoxy chrome-free primer for non ferrous metals like Galvanized (GI), Aluminum & stainless steels.
- 5) **SP ZINC RICH 55** : Two pack Epoxy high Build Zinc dust reached Grey primer, recommended on shot/sand blasted metals for high performance anti-corrosive protection.
- 6) **SP PRIME 77** : Two pack Epoxy clear primer, recommended for substrates like concrete, wood, ceramics, stones etc.
- 7) **SP MIO 224** : Two pack Epoxy High build intermediate coat with Micaceous Iron Oxide (MIO) for extreme corrosive areas.
- 8) **SP FILLER 123** : Two pack Epoxy putty for filling dents & uneven surfaces.
- 9) **SP EPOCOAT 700** : Two pack Epoxy polyamide, cold cured finish paint, Excellent mechanical & chemical resistance, high performance paint coating for OEM & process industries.
- 10) **SP EPOCOAT 701** : Two pack Epoxy polyamide, cold cured self priming paint, functions as a primer cum finish paint, recommended for direct application on ferrous metals, Excellent mechanical & chemical resistance, high performance - Economical paint system.
- 11) **SP EPOCOAT 705** : Two pack Epoxy Food grade paint for food processing industries with good chemical resistance.
- 12) **SP SHIELD 500** : Two pack Epoxy polyamide solventless coating for extra tough, flexible & higher chemical & mechanical resistance properties. Recommended for direct application on ferrous metals, wooden substrates, concretes etc.
- 13) **SP SHIELD 505** : Two pack Epoxy solventless Food grade coating for excellent water resistance & extra corrosion & chemical resistance.

HIGH-TECH POLYURETHANE (PU) PRODUCTS

- 1) **SP PUBOND 900** : Two pack Acrylic Aliphatic polyurethane finish paint, recommended for outdoor applications, colour & gloss retention, U.V. resistance & weather resistance high performance coating.
 - 2) **SP PUBOND 901** : Two pack Acrylic Aliphatic self priming polyurethane paint, functions as a primer cum finish paint, recommended for direct application on ferrous metals, out door applications.
 - 4) **SP PUBOND 908** : Two pack High build High solid acrylic aliphatic Polyurethane paint for high performance outdoor application with excellent chemical, mechanical & weather resistance, colour & gloss retention.
 - 5) **SP PUPRIME 91** : Two pack Polyurethane Grey / Whit primer recommended for various plastics, FRP & ferrous metals.
 - 6) **SP PUCOAT 601** : Single pack Polyurethane finish paint, mechanical & chemical resistance properties, recommended for OEM's.
- 

ECO-FRIENDLY WATER BASED POLYURETHANE (PU) PAINTS

1) **SP UREQUA 62** : Single pack waterborne Polyurethane anti-corrosive primer for metals, wood and floorings.

2) **SP UREQUA 650** : Single pack waterborne Aliphatic Polyurethane paint for outdoor applications, recommend for metals, floorings & wood coatings.

LEAD & CHROME FREE PAINTS

1) **SP PRIME 45 LCF** : Two pack Epoxy high build Lead & chrome free Grey primer for metals, concrete & wooden substrates.

2) **SP PUBOND 900 LCF** : Two pack acrylic aliphatic Polyurethane Lead & chrome free paint for outdoor applications.

3) **SP EPOCOAT 700 LCF** : Two pack Epoxy Lead & chrome free paint.

FLOOR COATING PRODUCTS

1) **SP KOTPRIME 74** : Two pack Epoxy fast drying grey primer for tiles, kota stones & metal surfaces with excellent adhesion.

2) **SP CONPRIME 75** : Two pack Epoxy solvent free clear primer for concrete penetrating properties.

3) **SP SLSCREED 802** : Three pack Epoxy solvent free, heavy duty ,self-leveling screed for 2-3 mm coating.

4) **SP HSSCREED 805** : Three pack Epoxy solvent free, heavy duty screed for heavy impact resistance for 3-5 mm coating.

5) **SP FLOTOP 851** : Three pack Epoxy solvent free, self-leveling, glossy, hard surfaced flooring topcoat for 1 mm coating.

6) **SP FLOTOP 852** : Three pack Epoxy solvent free, self-leveling, glossy, hard surfaced flooring topcoat for 2 mm coating.

7) **SP FLOTOP 850** : Two pack Epoxy solvent free, self-leveling, glossy, hard surfaced, excellent clear / transparent, smooth finish flooring topcoat for 3D / Designer floorings.

8) **SP TFCOAT 710** : Two pack Epoxy medium duty, glossy, thin film flooring topcoat for 200-300 DFT.

9) **SP TFBOND 910** : Two pack aliphatic Polyurethane medium duty, glossy, thin film flooring topcoat for 100-200 DFT with outdoor durability.

* Two pack : Resin & Hardner

* Three pack : Resin, Hardner & Aggregates

ALKYD SYNTHETIC ENAMEL PRODUCTS

1) **SP COVER 41** : Single pack alkyd zinc phosphate / chromate Red oxide primer

2) **SP COVER 45** : Single pack fast drying alkyd zinc phosphate Red-oxide / Grey primer

3) **SP COAT 400** : Single pack alkyd synthetic enamel

4) **SP FDCOAT 405** : Single pack fast drying QD paint

Finish paints / Topcoats available in **RAL, IS - 5** or industrial shades with Glossy, Semi glossy, Matt, Stipple finish, Structure finishes & Hammertone finishes.

The products would be developed as per your specifications (Tailor made)

THINNERS

1) **T - 1000** : Epoxy Thinner

3) **T - 3000** : GP Thinner

5) **T - 5000** : NC Thinner

7) **T - 7000** : Special Thinner

2) **T - 2000** : PU Thinner/Universal Thinner

4) **T - 4000** : QD Thinner

6) **T - 6000** : Cleaning Thinner

Our Products finds application in following industries :

- **OEMs:** Electrical Transformers, Control Panels, Pumps, Motors, Capacitors, Machine Tools & Special Purpose Machines, Marine Engines, Helmets, Windmills etc.
- **Automobile & Locomotives :** Railway coaches, Tractors, Bus bodies, Earth moving vehicles, Ships & marine equipments etc.
- **Process Industry & Marine coatings :** Maintenance coating for Chemicals, Petrochemicals, Fertilizers, Pesticides, Distilleries Plants & Protective Coating for Marine structures, Bridges, Ships, Anti-fungus, Ant-fouling coating for water dams etc.
- **Plastics :** Applications on ABS, Acrylic, PVC, Polypropylene, FRP etc.
- **Floor Coatings & Wall coatings :** Coatings on Industrial Concrete Floors, Hygienic Coating for Pharmaceuticals, Hospitals, Cold rooms etc.
- **Glass Industry :** Decorative pieces, Cosmetics bottles, Optical pieces, Laboratories bottles etc.
- **Wood Industry :** Furniture Manufacturers, Architectural Applications, Wooden Floorings etc.

ISO 9001 : 2015 certified company
